It seems to me that the rule
which we have issued are not complete.
Clause (2) of Sec. 56 Con. Regs. makes a
Composition (a) generally in respect of all
roads and bridges vested in a district
road or (b) specially in respect of a particular
road or bridge. In our rule we have
not specified the kind of composition to which
the rule apply.

"Or" in the 3rd line
seems to be a mistake

The intention, so far
as I can make out, appears to have
been to exempt the present rate of
Composition & the same kind of exemption
refd. to above.

[illegible] is an
other word which seems to be necessary to
form rule & to be inserted after "or"

(Through the Deputy Commissioner, Chitaldrug District.)

Sir,

Adverting to Govt. order No. L. 1181-89 L.B. 118-28-14 dated 5th August 1930 fixing the rate of composition fees for motor buses passing through the District Fund roads as in the margin, I have the honor to state that under Sec. of the - - District Board Regulation, the District Board is competent to levy composition fees in respect of all roads and bridges in the District vested in the District Board or specially in respect of any particular road or bridge in the District so vested in it. But the Govt. order of 5th August 1930 cited above while fixing the rate of composition fee does not specifically make it clear whether or not such composition fee is leviable separately in respect of each road compounded for. I am of opinion that the government order contemplates the recovery of separate composition fee in respect of each road for which a person compounds.
